BETHEL AREA INVOLVED IN NATIONAL WORK-EDUCATION CONSORTIUM PROJECT

The Bethel Area, including the communities served by M. S. A. D. #44, has recently become involved in a National Work-Education Consortium Project. An Ad-Hoc Committee of interested citizens has been active in advanced planning for the development of the Bethel Area Community Education Work Council for over a year. In August 1977, Donald A. Bean, was hired by the Ad-Hoc Committee as Executive Director to coordinate the efforts of the council, provide responsible administration, and provide background data and staff work for the council.

The Bethel Area Community Education Work Council is concerned with the process our youth face in moving from education into the world of work. The primary purpose of the council is to bring together those members of the community who play an active role in this process in order to evaluate the effectiveness of the transition and devise ways to ease the process and provide for a smoother and more rewarding experience for youth.

The council seeks to involve employers, educators, parents, local government officials, social service agencies, civic organizations, social organizations, youth and interested citizens in the planning and decision making that affects the opportunities for youth in the area.

As part of the larger National effort the Bethel Area Community Education Work Council, will share information, experience and expertise with other Consortium communities. The experiences of the communities will provide a set of models for other communities to examine for possible application to their own experiences in providing opportunities for youth. The Work Education Consortium emphasizes local initiative, wide community involvement and demonstration. It emphasizes a process, not a program. Along with the Bethel, 20 other communities throughout the country form the consortium.

For further information concerning this program, feel free to contact Mr. Bean at his office at Telstar or by phone at 824-2388.

The 108th Legislature passed into law, effective Oct. 24, 1977, a twelve (12) month State of Maine residency requirement for the purchase of a resident hunting and/or fishing license. Under the old law, there was a three (3) month State of Maine residency requirement. New residents that have been here for three (3) months should obtain their license before Oct. 24. Resident licenses are \$7.50 and non-resident licenses are \$80.50.

Elderly residents are reminded that applications for Elderly Householders Tax and Rent Refunds must be filed with the State Bureau of Taxation, State Office Building, Augusta, Maine 04333 before Oct. 15, 1977.

The course, held at Telstar High School, runs Thursday evenings from Sept. 22 to Nov. 10. Merton Brown is also participating in the 10 week Adventures and Attitudes course taught by Marcia Denison.

The Board of Selectmen met Monday evening, Sept. 26, and acted on a variety of items. Peter Kailey, representing the Recreation Board, met with the Selectmen to discuss the possible purchase of land in Bethel for recreational use. The piece of land under consideration is located on Bridge Street adjacent to the river. Mr. Kailey suggested that further study be made and that if everything worked out well, a proposal be submitted for voter consideration at the Annual Town Meeting in March. The Board gave their support for the Recreation Board to proceed with further study.

John Greenleaf and Florence Merrill met with the Board to discuss a letter which appeared in the CITIZEN concerning the possibility of the B.E.A.R.S. discontinuing their volunteer service because of a lack of ambulance attendants. John indicated that the letter should not have been placed in the paper. He indicated that continued on Page Ten

GOULD ALUMNI DAY HAS GOOD ATTENDANCE LAST SATURDAY

Cloudy skies and chilly temperatures in the early morning did nothing to dampen the enthusiasm of the nearly 100 alumni who gathered on the shore of Songo Pond for the annual Lumberman's Breakfast on Alumni Day, Sept. 24. People were bundled up for the occasion and welcomed the smells and tastes of hot coffee, baked beans, eggs, pancakes and sausages as they greeted old friends and classmates. Thanks again to Col. Willard Bean '24, home made maple syrup was again available to flavor the pancakes. Alumni left the Bethel Inn Beach Club to participate in a full morning of activities including the first Alumni Seminars, a varsity field hockey game, visiting classes or to work off all that breakfast.

The Alumni Luncheon provided opportunities to chat and reminisce with even more old friends and classmates as 140 alumni joined this year's senior class in the Bingham Gym. The decorations included the class banners dating from as early as 1898 to 1967, the last class to make their own distinctive banner. A number of old school and class photos were displayed and many alumni had fun identifying those people portrayed much to their own enjoyment and to the benefit of the Alumni Association's archives. Old and new year books and a slide-tape show about the Academy were available all afternoon for viewing in the Academy Office. During the buffet luncheon, introductions of the new officers of the Alumni Association were made by Rick Wyman '82, the new president. The others included: Dr. Peter Swallow '60, vice-president; Alexander Runyon '66, treasurer; and Susan Pierce '70, as secretary. Jane Greig Barth '59, will serve as the chairperson of the annual Alumni Scholarship Fund Drive. New Alumni Directors elected to serve three year terms were Barbara Dougherty Brown '48, Isobel Foster Roberts '37, Susan Pierce '70, and Susan Alexander Wolfe '60.

The alumni were then introduced to Headmaster Donald Fudge and his wife, Dorla. In his address to the group, Don outlined his philosophy concerning what Gould could do for its alumni so that the Academy would continue to play an active role in their lives. He expressed his confidence that the necessary monies would be raised through annual giving to meet the budget this year without the direct support of the Bingham Foundation.

The afternoon included informal class gatherings, two soccer games, and a cross country race. Even though the afternoon was chilly and overcast, the warmth of old friendships rekindled the air. All alumni were welcomed to the Headmaster's house for a reception prior to the banquet and enjoyed the Fudge's hospitality. A delicious roast beef dinner was then served to 187 alumni in the Bingham Gym. After dinner 50 year honorary diplomas were awarded to the members of the class of 1927 who in return presented the Headmaster with a book about the doings of their class over the

The first activity of the 1977-78 Cub Scout season will be a hike to the Road in Evans Notch on Saturday, Oct. 1. All new and old Cubs and one or both of their parents should meet at 1:30 p. m. in the old A & P parking lot on Railroad Street. Den assignments will be given out at that time.

half century since their graduation as compiled through a round robin letter circulated each year. Special thanks should go to Evelyn Cole Tamminen '27, who was instrumental in getting back so many of her classmates.

Rick Wyman then presented Robert D. Hastings '18 with the Alumni of the Year Award for his outstanding dedication to Gould and the Bethel Community. Rick also announced that the two reunion classes to have their year inscribed on the Mary Whitney Gould Memorial plaque for contributions to the scholarship fund are 1907 for 100% participation (thanks to Tom Vail) and 1962 for the greatest dollar amount.

The days program concluded with introduction of members of Headmaster Fudge's administrative staff and a special thanks to Alumni Director Al Barth '54 and his wife Jane '59 for their endeavors in organizing the Alumni Day program. It is rumored that individual class reunions continued long into the night in local homes and in the various inns in Bethel.

WEST BETHEL
CHILDREN'S CENTER

The center is in full operation this week welcoming 29 children funded under Head Start and Day Care programs sponsored by the Oxford County Community Services. The center offers a full day pre-school program for 3 to 6 year olds covering the area from Gilead to West Paris. We have a very qualified and dedicated staff who are looking forward to an exciting and full year with the children.

The teaching staff is headed by Sandra Cohen who resides in East Andover. Sandy received her B. A. in early childhood education from Brooklyn College in New York and her master's degree in childhood education from Boston University in Massachusetts. She has taught first grade in Massachusetts, and has also taught Head Start children in New York. Sandy has been at the Center since June '76 and is well acquainted with the area and children.

Bette Woodbury joined the staff last June. Bette graduated from the University of Redlands in California where she majored in speech, hearing and psychology. Bette has taught Kindergarten and first grade in California and in Germany at an American Military Base. Bette now resides in Stoneham.

Judy Bean has taught for the Head Start program for the past nine years. Judy will graduate from the University of Maine at Portland-Gorham this year. She has been majoring in early childhood education with a minor in learning disabilities. Judy is a special resource teacher at the center this year. Judy is a native of this area and is living in Bethel.

Donna Aurora Richard has been teaching at the center since it opened in March '76. Donna has taught pre school programs in Massachusetts and worked with mentally retarded children. Donna went to school at the University of Maine in Farmington where she majored in mental retardation. She worked at the University Day Care Center there. She is now majoring in early childhood education and is a part-time student at the University of Maine in Portland-Gorham. Donna resides in South Woodstock.

Kim Provencher was hired this fall as part of the teaching staff. Kim recently moved to Bethel from Portland where she ran a day care program for the YWCA. Kim graduated from the University of Maine in Orono where she majored in early childhood development.

Colleen Pinette was also hired this fall as part of the teaching staff. Colleen had a son enrolled in the Head Start program last year and volunteered her time in the class and kitchen. Colleen graduated from Gould Academy in Bethel and now lives in Bryant Pond.

Lynda Haegle is the Center's cook and head nutritionist for children's programs in Oxford County. Lynda went to college in Massachusetts at Mt. Ida where she became a certified medical technician. Lynda volunteered her time cooking for the Head Start program for three years before being hired in March of '76. Lynda now lives in Newry.

If you are interested in any further information about the Center please call 836-3700. We encourage volunteers from the community to become a part of our programs and also have spaces that become available in the course of the year for children. The Center needs forks, spoons, and little juice glasses to supplement our supplies. If you have any extras we'd appreciate the items.

New and old leaders were welcomed into Scouting by Mrs. Kraskie who announced that leader training will be held at the Dixfield Junior High School on Oct. 4, 11 and 18, all dates on Tuesday nights, from 7 to 9:30 p. m. Or if more convenient for some leaders the training will be given in a one-day session in November at Norway from 9:30 a. m. to 3 p. m., date to be announced later.

This is the year to be an "Echo-Boy" Troop. This will soon be outlined in a new booklet from the Council, and will include a Council event next June where the individual troops may display their projects. The booklet will explain how to become an Echoing Troop, and all troops are being urged to participate. The Council Meeting will be held on Oct. 19 at Steckino's Restaurant in Lewiston, and any Girl Scout volunteer may attend by registering with one of the Council delegates (Connie Murphy, Bernice East, or Marj Kraskie) by Oct. 14. The Girl Scouts will be there from "Wider Opportunities" and will tell of their experiences.

The Telstar Assn. Service Team meets the second Tuesday of each month from 2:30 to 4:30 p. m. at Joan Howe's home, so call your T. O. C. with any problem you may be having and they will try and help you.

The QSP magazine sale to help the Council and as a Service Project for Piper Troops will be coming up after Oct. 24, which is the date of the QSP magazine Luncheon. The awards are of special interest this year, so if any troop is interested they should let their T. O. C. know.

New "Safety Wise" booklets were given out and each troop leader is requested to read it carefully. Troop Registration material was also given out which should be taken care of promptly.

If any troop wishes to sell Girl Scout Calendars this year the necessary information is in the last "Leader" Magazine.

A copy of the new "Worlds to Explore" leader's book and a copy of the Girl Scout Handbook should be purchased for each troop with troop money, and each new leader should try to get the leader's book before the training sessions.

There will be a special event in May for Cadettes, Seniors, and Adults at Pondicherry.

There will be special training at Rangely on Oct. 7, 8, and 9 (map reading, wilderness training, etc.). Connie Murphy has further information on this.

A Service Team Seminar will be held on Oct. 5 at Pondicherry from 10:30 a. m. to 3 p. m. Anyone wishing to go should get in touch with Mrs. Kraskie.

The next Telstar Assn. meeting will be Dec. 12 at the Town House in Hanover (on the Howard Pond Road) at 7 p. m. If a bad storm check with your T. O. C. Cookie Sale material will be handed out at that meeting, with the girls starting to sell on June 14.

Refreshments were furnished by the West Peru group, and fun group games were enjoyed which could be adapted for troop use.

TWO TELSTAR STUDENTS COMMENDED IN THE 1978 MERIT PROGRAM

Two Senior students at Telstar Regional High School have achieved Commended student status in the 23rd annual (1978) National Merit Scholarship Program. This honor is the result of each student's outstanding performance on the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) which was administered nationwide to high school juniors in October 1976. Letters of Commendation were presented to Stephen G. Morrill and Scott F. Wight.

A total of approximately 35,000 Commended students throughout the United States are being honored by the National Merit Scholarship Corporation (NMSC) which administers the yearly scholarship competition. Students in this group represent less than 2% of the total of graduating U. S. secondary school seniors. Although these students scored slightly below the level required for Merit Program participants who are named Semifinalists and who will continue in the competition for Merit Scholarships to be awarded in 1978, each Commended student has

demonstrated exceptional academic promise. A spokesman for NMSC stated that the corporation believes "the high standing of Merit Program Commended students is an attainment that deserves their public recognition, because the nation as well as these students will be benefited by continued educational and personal development of their talents."

Both boys are a strong asset to their class and a pleasure to have in school. Scott is active in Cross Country, Track, Magic Club, A. V.

Think About It.

You're losing money if your home isn't insulated, energy, and therefore money, could be escaping right through your roof.

This is the reason for a new energy conservation program being launched throughout the country.

Its purpose is to reduce the amount of energy needed to heat and cool homes. It could also ease the burden of rising utility bills.

B.E.A.R.S., Inc.

(Bethel Emergency Ambulance & Rescue Service)

Item 1. Apparently, last week's item in this column stirred up some interest in B.E.A.R.'s activities. Unfortunately it provided some people with a fear of losing the security of a local ambulance crew, which certainly was not the intention. For nearly a year the B.E.A.R.'s column has tried to inform this community of its ambulance service and the need for additional attendants. A few people have come forth to join us and we appreciate their commitment. In fact, after someone becomes an attendant, he/she gets caught up in the fellowship of the group and reaps the benefits of serving in a healing profession. And we have fun at the same time. Training sessions, though serious in nature, provide for a lot of interaction. Can't you just picture Mary Myers being anchored to a backboard and once they finish with her, pretend to get an ambulance call and leave her there till they get back. That's only an example of the needed sense of humor that helps in so serious a business as saving lives.

Item 2. Eleven B.E.A.R.'s drove in car pools to Hebron Academy last Tuesday to update their training by attending a lecture by Dr. Lacombe on learning to diagnose chest disorders.

Arthur Cummings just finished teaching an Advanced First Aid course in Stoneham. His wife, Ruth, assisted him with this project. Ruth and Arthur have worked on the Bethel Ambulance Service a long time and are two people among the rest of us who want to see this service continue.

The Advanced First Aid class going on at Telstar for this area now has 15 students. Hopefully, more will be there next Tuesday

—the last day for any new students to attend. After that, it would be too hard to catch up. Over 50% of class time is spent in practical experience.

Item 3. Hats off and many thanks to the Bethel Police Dept. and businessmen of our town for the information booklet on drug abuse—A Reason for Tears. It is most important in this list the most common drug of all—alcohol. There are many properties of Ethanol (C2H5OH) that most people are not made aware of because of its widespread acceptance in this society. The highest paid "pusher" is the beer industry.

TOWN MANAGER'S COMMENTS

continued from Page One

The B. E. A. R. S. will continue to provide service and that it was his hope that the article did not damage the confidence that townspeople have in the service. John indicated, however, that there is a definite need for more ambulance attendants as some individuals have left or can only attend on a limited basis because of wages lost while they are on ambulance calls. The Manager indicated that he would work with John to obtain comparative information on what other volunteer ambulance services charge for fees and what they pay attendants in order that the Town can review its fee and pay policies. The Board thanked John and Florence for coming in and offered any assistance that the Board could give in the B.E.A.R.S. recruitment efforts.

In other actions, the Board awarded the 1977-78 salt contract to the Shurtliff Company at a price of \$29.60 per ton, reviewed the plowing of non-town road areas, reviewed the tentative Highway Department work schedule for October and November, and reviewed a letter from DEP concerning Solid Waste Planning processes.

The Board approved the manager's promotional appointment of Ben Johnson as Landfill Operator effective Nov. 1, 1977. Mr. Johnson has worked as Dump Attendant under the CETA program for the past year.

The Board directed the Manager to ask Kerry Huckins to come to the Oct. 10 Selectmen's Meeting to discuss the Tree Farm Program at the Town Farm.

The Manager informed the Board the proposals for engineering services for the Sewer System are due Friday, Sept. 30, that a special town meeting would have to be held before the end of the year to appropriate Federal Antirecessionary Funds, and that the MDOT hearing on the West Bethel Railroad Crossing changes would be held Oct. 25 at 7 p. m. at the Fire Station.

The Board of Selectmen held a special meeting Wednesday evening Sept. 21 to discuss the rights and duties of the Selectmen with the Town's Attorney. The Board also approved the promotional appointment of Nesta Littlefield as bookkeeper. Mrs. Littlefield will be replacing Mrs. Linda Sharp who resigned. Mrs. Littlefield has worked as clerk-typist under the CETA program for the past eight months.

The next Selectmen's meeting will be held Monday, Oct. 10, at 7 p. m. in the Town Office.

REALTOR

Exclusive Right to Sell

When listing your home with a Realtor to sell, there are a variety of arrangements you can make. But if you are seriously intent on selling your home within a reasonable time and at the price you are asking, it would pay to consider making an "exclusive right to sell" agreement.

This gives the Realtor the right to his commission if he actually sells your home during the listing period, or if another Realtor sells it, or if you sell it yourself.

Under these conditions, the Realtor will have the needed incentive and protection to go all-out in heavily advertising

your house and showing it to prospects. He will not be afraid of bringing it to the attention of other Realtors who may have qualified prospects. As a rule, Realtors are willing to cooperate and share the single commission. That gives you the advantage of having several Realtors make a determined effort to sell your home.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2578. We're here to help!
